Medical Care

Camp safety is our first priority. Each building and camp vehicle is equipped with radios to insure communication at all times. Our staff is CPR/First Aid certified and well equipped to handle emergencies. In case of emergency, our camp doctor is on call. If necessary, the camper will be transported to the medical center in Crockett, approximately 15 minutes from camp, and you will be contacted immediately. **ALL** medicine (prescription and non-prescription) is to be turned in during check-in upon arrival and must be in the original containers (State regulation). All medicine(s) is kept locked in the office and will be administered per parent/guardian instructions. Thank you.

Insurance

When you fill out the camp application, please be sure to fill out all the insurance information. Your insurance is the camper's primary coverage. Stillwater Refuge carries a liability insurance that is a secondary coverage for Stillwater Refuge.

Camper Communication

In our culture today, the use of electronic devices is becoming more commonplace. One of our biggest goals is to help young men unplug and get them focused on the outdoors, interacting with nature, and wowed by God's creation. Therefore, we do not allow campers to bring any kind of electronics to camp and ask that they be left at home. If campers do bring any kind of electronics, these will be collected and returned upon the completion of camp. Because we believe in celebrating victories, we do allow campers to call their parents upon the harvest of an animal. If you need anything or have any questions concerning your camper, please feel free to call the office at 936-687-9766 during regular business hours.

We care about our campers.

We understand the great responsibility you entrust to us watching over your child. We work hard to make camp and hunting a safe experience. Our counselors are screened through interviews, background checks, and references. Stillwater Refuge maintains a low camper to staff ratio ensuring better supervision and more personal attention. We also spend two weeks before camp training our staff in efforts to ensure that camp is the best and safest week possible.

Camper Code of Conduct

Our goal at Stillwater Refuge is to create a fun, adventurous community that encourages Godly growth, respect and unity among campers and staff. We require every parent and camper to carefully read, discuss and sign the Code of Conduct Agreement (found in the Application).
